

Agent-owned microstate

Observable reduced state

belief b_i
realized categorical choice

m_b, m_a
directional order

action a_i
committed typed action

S, h
state diversity and entropy rate

confidence c_i
bounded report

$e_{\text{ref}}, \text{Var}(e)$
reference compatibility and fluctuation

memory m_i
bounded private state

$I, \mathcal{T}, \tau$
dependence, total correlation, persistence
